

Thank you Senator Nelson

for Supporting Home Healthcare for Florida Seniors

Millions of seniors and disabled Americans across the U.S. depend on high-quality, low-cost skilled home healthcare services to meet their medical treatment needs. Thanks to Senator Bill Nelson's support, seniors and individuals with disabilities are able to receive treatment in the comfort of their own home, where they can remain independent and be close to family.

As lawmakers look for ways to improve our nation's healthcare system, the clinical value and cost-effectiveness of skilled home healthcare services can play a key role in achieving savings and securing Medicare for the future.

Thank you, Senator Nelson, for supporting Medicare beneficiaries' access to skilled home healthcare services!
